5/17/99

Dear Commissioner Henney

4271 '99 JUN -4 P1:44

I am writing to urge you to save human lives by banning the use of medically useful antibiotics in animal feed. Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. That can leave physicians with no way to treat life-threatening bacterial infections in humans.

I support the petition filed by CSPI.

Thank you,

Carolyn Ferrell
